Champaign-Urbana Special Recreation (CUSR) was formed through a cooperative agreement with the Champaign and Urbana Park Districts to provide recreation programs and leisure services for residents with disabilities. Inclusion and specialized programs are available. We provide quality recreation programs for people with disabilities by hiring and training qualified staff, providing staff ratios which ensure program safety and success, and adapting programs and equipment to meet the needs of the participants.

If you are interested in more information from CUSR, please go to their website:
