

Dear Adult,

Your student will have an opportunity for hands-on nature experiences on a field trip to the Anita Purves Nature Center and Busey Woods. The Nature Center is located at 1505 N. Broadway, Urbana.

The field trip is scheduled on the date and time listed below.

Date:

Time:

Program:

**Please make sure your student is dressed in weather appropriate clothes and sturdy footwear – avoid sandals or flip-flops if possible.** In cold weather, layers of clothing are better than a heavy jacket because they can be added or removed according to the temperature.

Extend your student's experience by:

1. asking your student about their field trip experience.
2. taking a nature field trip in your own neighborhood or yard.
3. visiting Busey Woods and have your student show you around.

If you have any questions, please contact Chelsea Prah by phone at 217 384-4062 or by email at [ckprahl@urbanaparks.org](mailto:ckprahl@urbanaparks.org).

Thank you for your support.

Sincerely,

A handwritten signature in black ink, appearing to read "C.K.P.", is written over a light gray rectangular background.
