You belong here.
Dear fellow Urbana residents,

Unfortunately, the summer also featured smoke from Canadian wildfires hovering over Urbana. This was an unwelcome reminder that climate change is very real and we all need to do our part to reduce our impact on the planet. Urbana Park District is proud to participate in Climate Action Week, October 1–8. Be sure to read in this guide about the events, programs and workshops that can help us all increase awareness and move to making our community more environmentally healthy.

We look forward to putting on the 57th Annual Turkey Trot Thanksgiving morning at Crystal Lake Park. This one-mile fun run/stroll/roll is a community tradition that brings in friends and neighbors from all over the community. We hope to see you there!

There are many more events and programs this fall that you can read in this program guide. As you peruse the guide, I hope you will see that the park district is open and welcoming to all. Have a wonderful fall and remember – “You Belong Here!”

Sincerely,
Michael W. Walker

Skiing and Sledding
Crystal Lake Park is a great location for winter activities when the weather permits. Cannonball Hill is perfect for cool, steep sledding fun. The hill lights are on until 9pm. Cross country skiers enjoy the brisk weather while skiing the park’s trails.

Ice skating is no longer allowed on Crystal Lake. The lake acts as a drainage basin for Crystal Lake Park and the surrounding neighborhood and is continually receiving new water all winter. This means there is no guarantee that the lake will freeze evenly to a depth of six inches. Call our Planning and Operations office at 217-344-9583 if you have questions.
The Perfect Wedding Spot!
The Lake House is a fantastic location for an intimate wedding or other celebration. Call Janet at 367-1544 to talk about set-up options and accommodations for a larger party. Quite often, groups rent additional tables and chairs to complement our indoor set-up for an outdoor ceremony. We’d be glad to help plan your day!

The Urbana Park District and the Urbana School District have agreed to a new, four-year contract to operate Urbana Indoor Aquatic Center (UIAC). The school district owns the pool and the park district operates the pool. The pact runs from May 1, 2023 to April 30, 2027.

Both the park district and school district are pleased to continue this unique, over 20-year partnership that brings indoor aquatics to Urbana and the surrounding community. Both the school district and the park district are committed to provide the community with high-quality programs for years to come.

The USD and the UPD negotiating team worked collaboratively to identify cost-effective ways to provide the highest level of programming at the UIAC, while helping to reduce staffing, operating and capital costs over the term of the new agreement. The pool will close during the summer to all programs and activities while Crystal Lake Park Family Aquatic Center (the outdoor pool) is open.

The park district is pleased to offer popular aquatics programs for the entire community to enjoy. During the fall and winter, UIAC will offer open swim during the school district’s Fall, Winter, and Spring Breaks. The park district will rent the pool out for private parties on Saturdays and Sundays. The park district will continue to offer swimming lessons, water aerobics classes and lap swim on a regular basis.

Art at Anita Purves Nature Center
Capturing C-U in a Collaborative Collage: A Natural Portrait from Foraged Finds

FREE! Opening Reception: Saturday, September 23, 1-3pm
Show Dates: September 9-December 15 | Anita Purves Nature Center

Cris Hughes—the artist of Secret Gardens CU—collects, organically
preserves, and composes each forged item in her natural botanical
portraits, creating an intersection of seasonality and ecosystems. Cris is
creating a macro, 3-D botanical collage made from community-sourced
and donated objects. A digital map of stories from the contributing folks
will be available at the show.

Cris is partnering with Julia Pollack, the creator and curator of the Art of
Science program at the Carl R. Woese Institute for Genomic Biology (IGB)
at UIUC. Julia’s work utilizes microscopy and artistic enhancement to
generate digital prints of the science done at the IGB. Together, we intend
to continue bringing the community of Urbana-Champaign new interactive
and creative opportunities and help them experience the connective tissues
of science, art, and story.

Flavor Principles of Ethnic Cooking with Paul Young

*Thursdays, 6-8pm | Phillips Recreation Center | Age 21+

Travel the world with self-taught home cook Paul Young as he deconstructs ethnic recipes and breaks down the flavor principles of each culinary tradition.

Students will have the opportunity to watch demos and/or participate in the preparation of our dinner party. Do come hungry and thirsty because the tuition includes a full two-course dinner with alcoholic beverage pairings during the second half of the class when we will be eating everything we cooked.

Students will leave each session with easy-to-follow recipes of all the dishes on the menu. These recipes have all been adapted for the typical home cook and contain many tips & tricks to help minimize your time in the kitchen while staying true to the spirit of the original ethnic flavors.

All menu items below will use locally-sourced ingredients but are subject to change based on availability of fresh ingredients at local markets.

Visit [www.cooking-with-paul.com](http://www.cooking-with-paul.com) to learn more!

**September 21: A Taste of Palestine**
*Malfouf (cabbage leaves stuffed with beef and rice), Fattoush Salad (with sumac vinaigrette), Namoura (semolina dessert), Mint tea*

Palestinian food begins at home with recipes that evoke feelings of homesickness, happiness and nostalgia that have been passed down by generations. The cuisine is healthy, delicious and vibrant. Most of the dishes are simple, affordable and easy to make, others take more effort and time. Regardless of the simplicity or complexity of the dishes, they are made with love and care, and the flavors are always a treat to the palate. This session will be co-presented with Fairouz AbuGhazaleh, who will share her family recipes.

**Oct 12: Czechian Classics**
*Mushroom Soup, Vepřové Koleno (Pork Knuckle in Dark Beer), Braised Red Cabbage, Smazeny Syr (fried cheese)*

The Czech Republic (Czechia) is at the crossroads of Eastern and Western Europe, and its "Old Bohemian" cuisine reflects its storied historical influences. Hungarian imports include goulash and hearty soups, from neighboring Vienna comes schnitzels and other fried foods, and from Germany comes sauerkraut and other pickled things. Czechian cuisine is classic comfort food where fat is flavor, grease is good, and all meals are served with what many consider the best beer of the world — Pilsner Urquell.

**November 2: Indonesian Cooking**
*Sayur Asem (sour soup), Sate Padang (West Sumatra beef stick), Pepes Ikan (fish in banana leaves), Nasi Goreng (fried rice)*

From Bali to Java to Sumatra, Indonesia is a country of over 6,000 islands with a diverse cuisine that varies greatly from region to region. As one of the world’s top producers of spices, Indonesians sometimes use up to a dozen herbs and spices in one recipe resulting in dishes that are intensely flavorful, complex, and often spicy. Top it all off with distinctive condiments like sambal (chili sauce) and kecap manis (sweet soy sauce) and you have a world-class cuisine that deserves to be in the spotlight more often.

Meet the Instructor
Kate Fair

I have been teaching fitness for four years, and practicing fitness in a variety of forms for over 10 years through activities including yoga, running, and strength training. I have been very active since childhood, participating in a variety of sports and activities. I realized I had a passion for fitness and wellness while working at a local clinic and seeing firsthand the impact that sedentary lifestyles and flawed health choices can have on people. I pursued ACE certification as both a Personal Trainer and a Health Coach to help people at all levels and abilities to get moving and take steps toward improving their health and wellness. Nothing excites me more than hearing that a client, friend, or family member has found a type of exercise they enjoy and they have committed to it. I enjoy creating workouts that bring fun to exercise while helping people achieve their goals. In my spare time, I enjoy hiking and kayaking with my husband and daughter and I also love to read. You can meet Kate at our new Work-it Circuit class!

The Urbana Park District protects, manages and restores areas characteristic of Illinois’ most diverse habitats. Restoration includes planting and seeding native plants, removing nuisance plants and conducting prescribed burns to encourage healthy growth. Passive recreation such as photography, hiking, and birdwatching in small groups is encouraged.

**OPEN DAILY FROM SUNRISE TO SUNSET**

**Busey Woods**
Busey Woods is a 59-acre bottomland oak-hickory forest. It is located at the north end of Crystal Lake Park with an entrance just west of the Anita Purves Nature Center.

**Commissioners Grove & Wetland in Weaver Park**
This 60-acre park includes 5 acres of woodland/savanna restoration, 35 acres planted with prairie and native grasses, and an award-winning watershed management wetland. Parking along Main Street (near Smith Road) offers a place for you to begin your bike or hike along the Kickapoo Rail Trail, extending 6.7 miles to St. Joseph.

**Spomer Prairie in Meadowbrook Park**
Prairie was the predominant habitat in Illinois before European settlement. Since 1978, the Urbana Park District and countless volunteers have worked to re-create approximately 80 acres of native landscape. Explore this prairie in south Urbana, along Windsor Road and Race Street.

**Perkins Road Natural Area**
The Perkins Road site, located behind the Dog Park at 1501 E. Perkins Road, is leased long-term from the Urbana-Champaign Sanitary District. 35 acres of prairie and wetland are being restored here. Development plans include trails, interpretive signs, and wildlife viewing areas.

**Benefits of Natural Areas**
Natural areas maintain ecosystem balance, build resilience to climate change, and support a wide variety of plants and wildlife. They provide “ecosystem services” like improving water and air quality by absorbing excess water and carbon dioxide. Natural spaces also offer a variety of social, mental, and physical benefits. These include stress reduction, lower blood pressure, decreased depression and anxiety, and relief from the symptoms of Attention Deficit Disorder.

**Program Opportunities**
Naturalist guides lead programs at these locations that are designed for all age groups and interests, including school groups and the public. See page 59 for more information. To inquire about programs and services, or to make a request, call the Anita Purves Nature Center at 217-384-4062.

**Volunteer Opportunities**
For information about Natural Areas stewardship and Wednesday Workdays, see page 54. Clubs, scout, and other groups may request a private workday by calling 217-384-4062.

Help us maintain these natural areas by not collecting items, walking pets or cycling.
The Anita Purves Nature Center is your classroom extension where learning comes naturally. Our standards-based field trips, classroom visits and loan items will complement your curriculum with hands-on activities. By employing direct observation and experiential learning opportunities, the Anita Purves Nature Center enriches and strengthens existing school curricula and provides students the opportunity to explore and connect with the natural world.

**Educators** - Bring your class for a School Field Trip through Busy Woods, Meadowbrook Park, or Weaver Park. Programs at Busey Woods include time to explore the nature center’s Field Station. Or, invite a Naturalist in the Classroom to visit your school. An environmental educator will bring hands-on materials, interactive lessons and (as related to the topic) a live owl, turtle, snake, or worms to your classroom. All programs meet grade-specific Common Core and Next Generation Science Standards.

**Custom Programs**
Are you looking for a program to compliment a unit or lesson you are teaching? We can work with you to develop a unique environmental education program to fit your specific needs. Requests must be made at least 4 weeks in advance.

**Teach with a Turtle**
Borrow the Reptiles and Amphibians loan box and have a live turtle in your classroom for up to two weeks! The kit includes supplemental activities and instructions about turtle care and feeding, and standards-based reptile and amphibian lesson plans. This hands-on kit delivers an unforgettable experience for you and your students.

**Nature Items You Can Borrow**
The Urbana Park District offers a wide variety of educational loan items at the Anita Purves Nature Center such as skulls, nests, natural history specimens, reference materials, and IDNR loan boxes.

**IDNR Loan Trunks**

**Connecting Classes with Nature Sponsorship**
This program provides support for Urbana School District classrooms to take science-based field trips in local natural areas. Urbana Park District seeks donations from local individuals, businesses and organizations to help sponsor classrooms to cover the cost of programs and transportation for Urbana educators. If you are interested in sponsoring a class, contact Kelsey Beccue at [khbeccue@urbanaparks.org](mailto:khbeccue@urbanaparks.org). Field trip class size typically varies between 20-30 students. Over 200 students were able to take field trips in 2022-2023 through sponsorships.

SPONSOR AN EDUCATION ANIMAL

The Anita Purves Nature Center houses a number of education animals that demonstrate the variety of wildlife living in Illinois. Most have injuries that make them unable to survive in the wild or were hatched in captivity and are non-releasable. The animals are on exhibit and are featured during educational programs with schools, scouts and the public.

You could be part of their lives! Your financial contribution goes directly toward the animals’ medical care, housing and food. This is a great way to support local environmental education. Sponsorships also make great gifts!

Call 217-384-4062 or visit www.urbanaparks.org/facilities/anita-purves-nature-center/ for a sponsorship form and additional information.
The Urbana Park District CARES Plan
Year Two Summary (April 2022 – April 2023)

The Urbana Park District Climate Action, Resilience, Education and Sustainability Plan (2021-2026) centers on creating a healthier, safer and more resilient community. The plan sets actionable goals for reducing the district’s carbon footprint, offsetting local impacts of climate change, improving air and water quality, and fostering biodiversity.

Of the 102 strategies outlined in the CARES Plan, we have completed 29 during the first two years, and 43 strategies are ongoing or underway! An additional 30 strategies will commence over the next three years of the plan.

We are working with Solidarity Gardens CU to grow organic produce for community members in need. Growing local, organic produce lowers our community’s carbon impact by supporting healthy pollinators and soils, and by reducing transportation of produce. It's a win-win!

For more information on UPD green initiatives, visit www.urbanaparks.org/about-us/green-initiatives, or contact Savannah Donovan, Environmental Program Manager, at 217-384-4062 or sydonovan@urbanaparks.org.

Great Parks Build Great Communities

The Health and Wellness Facility at Urbana's Prairie Park

The Urbana Park District realizes that the demand of its users for an indoor space dedicated to health and wellness currently outweighs what its existing facilities can offer. An Urbana facility with space for a wide variety of programming, large scale activities (such as indoor basketball or volleyball), and permanent exercise equipment does not currently exist.

Urbana, as well as the broader region, is greatly impacted by rising obesity rates, cardiovascular disease, diabetes, and cancer. The demand for an affordable and accessible community Health and Wellness Facility is greater than ever.
The Urbana Park District has developed a site plan at Prairie Park that will include features that promote the health and wellness of the entire community.

These amenities are based on feedback from the community and research of other facilities from across the midwest.

Amenities included in the Health & Wellness Facility don’t stop at the door!

- Group fitness rooms
- Indoor walking and running track
- Exercise equipment room
- Multi-court indoor gymnasium
- Multipurpose room
- Locker rooms with showers

Scan the QR code below to learn more about the facility and follow along as we build a state-of-the-art Health and Wellness facility that our entire community will be proud of.

Every year, the Urbana Park District looks for volunteers interested in serving on the Urbana Park District Advisory Committee (UPDAC). Members of UPDAC are community volunteers who help the Board of Commissioners and staff of the Urbana Park District investigate new ideas, study possible changes and improvements, and evaluate current park district operations. Meetings are held monthly on the 4th Tuesday of the month (except July and December). The time commitment is between 2 and 3 hours a month, and includes the monthly UPDAC meeting and potential committee meetings. UPDAC members are appointed for a three-year term. For consideration of appointment to UPDAC, you must live within the Urbana Park District residency area, and fill out an application for nomination. You might be interested in serving on UPDAC if you:

- Are interested in learning more about the Urbana Park District
- Are willing to share information about park district issues with your peers
- Would like an opportunity to share feedback from your neighborhood with the district on a regular basis
- Value diversity and inclusivity

Every effort is made to balance UPDAC membership both geographically and demographically. It’s important that UPDAC represents all of Urbana! You can learn more about UPDAC, and find the application, by visiting our website at [www.urbanaparks.org/get-involved/urbana-park-district-advisory-committee-updac](http://www.urbanaparks.org/get-involved/urbana-park-district-advisory-committee-updac). You may also contact Development Manager Kelsey Beccue at khbeccue@urbanaparks.org or 217-367-1536.
Residency
Residents living within the boundaries of the Park District regularly support park facilities and programs through residential property taxes, and must currently reside at the residence. People living within the boundaries of the Urbana and Champaign Park Districts pay the resident (R) fees. Acceptable documents that prove current residency include, but are not limited to: utility bill, home-owner or auto insurance bill, cable bill, bank statement, vehicle registration, or voter registration card. Emailed or faxed copies are accepted. If in doubt about whether your document is acceptable call 217-367-1544. See also Reciprocal Agreement on this page.

The Urbana Park District has established a nonresident fee system in order to equalize payments by individuals residing outside of the Park District boundaries, so they will contribute to the overall financing of the park system on an equitable basis with residents. The Urbana Park District offers three options for nonresident program fees:

1. Individuals may pay 1.5 times the resident fee per program or membership.
2. Individuals residing immediately adjacent to Urbana Park District boundaries have the option of annexing their property into the district. For more information, call 217-367-1536.
3. Individuals may purchase an Urbana Park District annual park membership. This fee is computed based on the assessed value of the participant’s property using the current Urbana Park District tax rate. The membership fee for rented properties is $100 per year. Memberships are valid for programs that begin between May 1, 2023 through April 30, 2024. Ask a Phillips Recreation staff member for additional information. These memberships do not qualify you as a resident for purposes of Urbana Indoor Aquatic Center Memberships.

Refunds, Cancellations, Withdrawals
If you withdraw from a program, you may choose to apply the fee toward another program or you may receive a refund of the program cost minus a $5 processing fee. If it is after the program's deadline, a refund request form will need to be completed. They can be picked up at the Phillips Recreation Center or found online. Requests must be made no later than 10 business days after the last class attended. Requests for past classes will not be honored.

There will be a $25 service charge on all returned checks.

Refunds are processed by credit/debit card or as a mailed check. No cash refunds can be given. Refunds or credits will be issued within seven to ten business days after the Urbana Park District business office receives the written request.

Quality Guarantee
The Urbana Park District constantly strives to provide you with excellence in recreation programs and services. We are so confident you will like these programs that we guarantee your satisfaction. If, after attending one of our classes or programs, you are not completely satisfied with the quality of our programs, please tell us immediately.

Our guarantee is based on fulfilling our promise of delivering excellence. If you are not satisfied, we request your input in the form of suggestions, comments, ideas, or changes for improvement. Requests for refunds due to changes in personal circumstances are not covered under this policy.

ADA / Equal Access
The Urbana Park District works cooperatively with C-U Special Recreation to offer equal access to our recreation programs and services for persons with disabilities. For further information, call C-U Special Recreation at 217-819-3980.

In 2021-2022 the Urbana Park District contracted a professional ADA Assessment of parks and facilities in addition to programs, policies, and procedures. The Park District has an ADA Transition Plan in place to address barriers to accessibility. If you have questions about the ADA Transition plan, or would like to contact the ADA Coordinator for more information, visit: urbanaparks.org/about-us/ada-policies-and-procedures/
