RE: UPDAC Appointments

Each year new Urbana Park District Advisory Committee members are appointed for a three-year term. The following names are presented for discussion and consideration for appointment to the Urbana Park District Advisory Committee this August.

The new members will complete an orientation meeting with the Development Manager, and participate in a park tour with the Development Manager and the Executive Director, in preparation for their first meeting to begin their term on the committee. All these applicants are self-nominated and are eager to begin their terms on the Urbana Park District Advisory Committee.

Park District staff continue to seek additional applications for UPDAC appointment in Urbana neighborhoods with little or no representation by the current membership. Additional applications may be brought to the July Board of Commissioners meeting if they meet that criteria.

UPDAC Chair Report—May 2019

- This month's UPDAC meeting met on May 28th.
- Kara Dudek lead a discussion on updating Blair Park. One way she framed an open brainstorming session was by asking UPDAC for ideas on what they would like to see BEFORE she shared ideas the UPD was considering. This really allowed for a wide range of comments. Everyone shared ideas! A key takeaway for UPDAC was becoming informed of the use and limitations of Blair Park and a bigger picture of spreading park amenities ACROSS the parks. A walking path loop was probably the most unanimously agreed upon addition for this park.
- It's been a great change having the addition of "UPD Projects update" to the Reports section of the agenda. It serves as a great prompt and a great addition to keep UPDAC up-to-date on projects that might are not part of the presentation.
- On May 31st, Ellen Kirsanoff met with Jean Paley (incoming Chair) and Melissa Logsdon (outgoing chair). This was a great meeting to discuss the upcoming year, ways to keep the meeting interactive, and answer questions.
- Further Notes from Study Session on UPDAC: At the June UPDAC meeting, we will discuss how members that want to have a higher level of involvement may contribute to UPD projects. It would be beneficial to have further discussion with the Board on clear expectations for UPDAC and UPDAC char. Of note: Role? Who are we serving as UPDAC? Answering these questions regularly will provide clear focus and synergy. Also, it would be great to arrange to have the Board and Foundations attend UPDAC to further understand the group and provide engagement opportunities to the group.

The totals listed below include volunteer hours for the month of May.

We had 3 volunteers with the African Violet Society who took care of the Anita Purves Nature Center's plants. They gave a total of 3 hours of service to the district.

Beth Chato gave a total of 20 hours managing the Audubon Shop at the Anita Purves Nature Center.

We have 5 volunteers assisting with Environmental Education School Tours this month. These volunteers gave 22 hours of service to the district teaching children at the Anita Purves Nature Center.

We have 9 Youth T-Ball Coaches this season. They have provided 81 hours of service coaching teams so far this year.

We have 5 volunteers assisting with this summer's theater production. They have given 30 hours of volunteer service to the district.

We had a special work group of Eagle Scouts volunteer to help grounds staff with a Larson Park cleanup project this month as a part of their service. We had 6 scouts who gave a total of 18 hours of service through this project.

UPD Summer Staff Training

The 2019 Summer Staff Training sessions were held at the Phillips Recreation Center on Thursday, May 16, 2019. We host a morning and afternoon session to accommodate worker/student schedules. I am so very pleased at the deep, comprehensive training that we provide for our seasonal staff; each year the training staff work together to determine what is mandatory and optional, and we try to work in as much educational information as possible in addition to practical information. I have the privilege of providing the opening comments, and I use that time to promote our safe work environment, taking care of the customer, and career opportunities. We have access to so many talented individuals that come through the doors of the UPD. We want to be intentional on our messaging about career options at the UPD and/or other park districts around the state. I continue to get good feedback from seasonal staff by including career options in parks and recreation. Most of our seasonal staff are often unfamiliar with park districts and the multiple career options available in the field. One of my favorite parts is when the supervisory staff come to the front to introduce themselves by providing a brief career history, and our seasonal staff can see the various backgrounds represented at the UPD. We have park and recreational professionals with traditional educational backgrounds, as well as a number of more unconventional backgrounds represented. I expect to have staff approach me throughout the summer with questions about careers, college/university issues and about job markets throughout the US. Thanks to our key staff for creating a unique training experience for our UPD seasonal workers.

Downtown Get Down

The UPD hosted our first *Downtown Get Down* on Saturday, May 24, 2019. We had a fantastic turn out for our first event held in collaboration with the Urbana Business Association (UBA), City of Urbana Arts and Culture Commission, and 40 North/88 West. This unique collaboration allows all four units to provide more arts and culture in Urbana compared to trying to provide events as individual groups. The costs and staffing are fairly high for these types of free events; there is no event revenue to offset the real costs, so one of the benefits of working together is to spread the event cost and staffing impact across all of the agencies.

Our new Century Stage worked out wonderfully. We had a problem with the windy conditions and the event banners—the 40 mph winds gave us fits in trying to keep the banners held down. Staff will evaluate that situation and find a remedy. The sound from the stage was wonderful and the downtown businesses had many people going in and out. We continue to learn how our local businesses perceive and respond to street events. As you would expect, some businesses benefit and others do not. Our goal is to work with all of the businesses and event

partners to provide winning strategies for all. I think folks appreciated the event. Several people asked if the event was a fundraiser, tied to another bigger event, or had some other meaning. I responded that the event is just for "Saturday night fun for the whole family." The remaining *Downtown Get Down* events are on the fourth Saturdays of each month: June 22, July 27, and August 24.

UPDAC/Professor Amita Sinha – Study on UPD "Ecological Parks"

One of our current UPDAC members, Professor Amita Sinha, has returned to Urbana from her Fulbright Scholarship work in India. I had invited Professor Sinha to join UPDAC over a year ago at the 2018 SUNA neighborhood meeting. I have known and worked with her for over 25 years in the Department of Landscape Architecture. Professor Sinha joined UPDAC last year and then learned that she received a Fulbright Scholarship. She requested a leave from UPDAC and agreed to extend her UPDAC service for an additional year.

We have been in discussion for several years about the unique addition of UPD's "ecological parks." This term is one Sinha uses for parks/natural areas like Busey Woods, Meadowbrook Park, Crystal Lake Park, Weaver Park, Binkerd Grove, and our leased Perkin Road Park Site. She believes that we have a critical resource that others should know about. She has recently retired from the Department of Landscape Architecture, and would like to work with staff on a two-year study to learn more about our special type of parks. The project will likely include park ethnographies conducted by residents, interviews, and survey work, and will likely include UPDAC in some way. Professor Sinha is a prolific writer, and she is often published in critical professional journals in the US, UK, and India. We look forward to working with her in this analysis of Urbana Parks over the next few years.

Urbana Tornado/Storm Recovery

Planning and Operations staff have been very busy with storm/tornado cleanup from last week's F1 tornado that hit Urbana. Larson Park was hit again: the same park that was hit by a tornado in 1997. The park lost several trees and the overall landscape was impacted by the high winds. Urbana Boy Scout Troop 104 volunteered to help restore the park (thanks James Quisenberry!). I had several residents let me know what a great job UPD staff did in the park/surrounding edges. P&O staff also helped the city of Urbana Public Works staff provide cleanup efforts with use of two of our one-ton trucks and staff drivers. I wanted to thank all the P&O staff that helped restore the park and neighborhood and worked with the city to provide comfort after the storm.

SUNA Neighborhood Meeting

On Thursday, May 30, 2019, SUNA hosted their annual neighborhood meeting at St. Mathews Church on Philo Road. The meeting began at 7pm and ended at 9pm. This allowed each of the city's key department heads/mayor, Urbana School Board member and UPD Executive Director about five minutes to provide updates. The city staff also presented a follow up to "What's in your Square"—a group charrette exercise conducted at the 2018 neighborhood meeting. The results from city staff included information about what Urbana residents wanted to see most happen at Lincoln Square in the future. I plan to share the report/graphic under the Executive Director report at the June meeting. In general, the results of the analysis attracted wide resident support. Each agency then found space in the large room to host small discussions to

hear input/concerns from residents. I had several people tell me that they supported the UPD Strategic Plan goals. I also had a group of residents concerned about the new fob key system coming at the Dog Park. That topic had folks in support and in opposition. I let them know we would try out the new system, as both UPD and CPD are moving toward a new electronic gate access service due to membership concerns of unauthorized people entering the Dog Park without payment/membership. Staff will continue to monitor feedback from the new gate access changes. Lastly, there was general thanks and support for UPD Planning and Operations staff working hard to cleanup Larson Park after the recent storm.

<u>Business Services – Caty Roland, Business Manager</u>

General

In May, the Business Office booked year-end adjusting journal entries and began gathering materials in preparation for the district's annual audit set to begin on July 15. The Business Office continued work on the 2019-2020 Budget. The FY2019-2020 Budget and Appropriation Ordinance document was drafted and will be on display for public review at the Administration Office 30 days before the public hearing scheduled for July 9. Payroll preparation functions increased in May with the beginning of summer camp, pool and seasonal employees. The Business Manager presented at summer staff orientation sessions regarding payroll processes and an overview of the District's fraud prevention initiative.

Prevailing Wage Law Change

Due to a change in the Prevailing Wage Law, effective June 1, 2019, we are no longer required to approve an annual prevailing wage ordinance every June that adopts the prevailing wage rates set by the Illinois Department of Labor (IDOL). Instead, applicable wage rates for each locality will be determined by the prevailing wage schedule published on the IDOL website, which we are required to link to on our own website. Additionally, with the obligation of approving an ordinance lifted, we are no longer required to file an approved ordinance with IDOL or publish an annual notice of approval in the newspaper or on our website.

Human Resources - Alexandra Ivanova, Human Resources Coordinator

The annual seasonal staff training took place on Thursday, May 16, 2019 with an emphasis on safety and customer service. Human Resources spoke to incoming staff on the topic of safety and injury reporting. Full-time hiring updates include Sandra Baker starting as a full-time Custodian for the District on May 6. New Aquatics Coordinator, Anna Calcagno, assumed her full-time duties on the same day. Additionally, Trina Vander Ark took on the Ground Maintenance Technician I role on May 20. The new compensation study process continues to move forward. GovHR has been in communication and the survey will begin in the next month.

<u> UPD Development - Ellen Kirsanoff, Development Manager</u>

The Urbana Parks Foundation's Barn Bash event on May 17 was a great success. We had eleven sponsors for the event, which allowed for all proceeds from ticket sales to go directly to the foundation. The Events Committee will now evaluate the event, and begin work on planning to bring it back next year. The Urbana Free Library display case inside the facility on the main floor

was up the whole month of May. It provided great visibility for the foundation and hopefully educated community members on who the Urbana Parks Foundation is and what we do. The Urbana Parks Foundation has also started setting up a table at park district events throughout the summer to promote the foundation and the *Campaign for the Next Century*. Park district staff have applied for two grants to fund UPD projects using the foundation's 501(c)3 status. Both grants were awarded, with the funds given to the foundation to be requested later by the park district as the work is completed. The first grant was to the Wal-Mart Foundation, requesting funds to support the Anita Purves Nature Center's 40th Anniversary Celebration. We received \$1,500 from this request. The second was to the American Water Charitable Foundation. The grant request was to fund Crystal Lake restoration work. We received \$10,000 from this grant.

UPDAC had its May meeting where Park Planner, Kara Dudek, presented on Blair Park planning and updates to the UPD strategic planning process. Attendance was great, and Kara and UPD staff received many questions and had a good dialogue with UPDAC members about Blair Park and the beginning of the redevelopment process. Applications for UPDAC appointments are being received and will be forwarded to the Board of Commissioners at the June 11 meeting.

The Development Manager has been very busy this month with UPF events and UPDAC planning and applications. The Development Manager continues to seek potential new members for UPDAC. This is a busy time of year for donors contacting the park district with an interest in participating in the Tribute Tree program. So far this month the Development Manager has talked with numerous people interested in the program, and met four donors in the park to discuss tree planting potentials and other giving options. Sponsorship of Strawberry Jam has been confirmed and received for the event this June. This year we have \$3,000 in sponsorship for the great Meadowbrook Park event.

Leal Park Update

The parking lot, connector path, and screening engineering design at Leal Park is complete and is scheduled to bid later this week. A pre-bid meeting is scheduled for June 20th and a bid opening for June 27th. The priority items are to provide expanded parking off the existing lot to the east and to provide a connection path from the southeast corner of the expanded lot to the path that connects the gazebo with the cottage. Alternate bids for additional connector paths from the expanded parking and the Gazebo to the proposed widened University Ave. sidewalk are being sought and will be evaluated against other priority projects. Bid alternates for a vegetated screen and/or a fence screen will similarly be sought and evaluated. Bid recommendations would be presented to the board at the July board meeting. In the meantime, staff have worked with Dean Rose from Working Metal to get a proposal for decorative wrought iron gates on the gazebo similar to those that he provided at the Carle Park pavilion. Staff anticipate the gazebo could be closed in response to heightened inappropriate uses and reopened at a later date as condition and park uses determine. Staff additionally envision an improved contemplative garden on the periphery of the pavilion that could be enjoyed from outside the pavilion and nearby benches/picnic tables. We are waiting on a formal proposal from Dean and have budgeted for this work out of our liability fund. A draft concept and sketch are presented below.

Reduced Pressure Zone Inspections

A reduced pressure zone device is a type of backflow prevention device used to protect water supplies from contamination. Water lines that supply to irrigation, drinking fountains, and fire suppression systems are required by law to have the system inspected by a licensed plumber on an annual basis. Once the RPZ has passed the inspection, the plumbing contractor completes an inspection form and attaches a copy to the device and sends the original to Illinois American Water Cross Connection Department. There are several park and facility locations at the Urbana Park District that have these devices installed and are compliant with local plumbing codes. Locations are; Phillips, Nature Center, Planning and Operations, Victory, Meadowbrook, and Prairie Park.

Grounds Supervisor Rich McMahon

Grounds Notes

We've had a reasonable stretch of decent weather over the last week, which was much needed after the storm/tornado that went through Champaign-Urbana on May 26th. Larson Park was hit very hard, just as the neighborhood around it was. A 20" diameter Linden tree uprooted on the south edge of the park. Four White Pines were damaged badly enough that they had to be removed. There's also a Silver Maple on the west edge of the park, damaged to the point of needing to be removed. Our grounds crew spent the entire week at Larson clearing the debris. We even had help from a local Eagle Scout group, who came on Friday morning to rake up what was left. Trina Vander Ark was hired as our newest Grounds Maintenance Technician. Her first day was Monday, May 20th.

Construction Supervisor Keith Ewerks

Playground

We have installed nearly ¾ of all the components of the playground, so we are coming down the home stretch. The rain has not been kind to us this spring. With nearly a daily rain event things are pretty muddy at the site. We continue to work by laying down plywood to walk/work on and to run equipment on. We have to bail out water in some holes, so we can install the pieces, but we keep plugging along and making progress. The rain has also caused an issue with our normal playground safety surface supplier. We received an email from them a few weeks ago saying that they don't have safety surfacing at this time. They get their base product from the logging/mill industry in Southern Indiana, and with the rain, it has been too wet to do any logging. They don't know when they will get any surfacing made so we are getting prices from different vendors. We were not able to meet our potential first week in June deadline but are trying to get it completed as soon as possible, so it can be used this summer for camp season.

Upcoming Projects

Here is what is coming up in the next few months on our projects list;

- Install plague rocks at Ambucs, Meadowbrook
- Installation of a new playground at Phillips Recreation Center
- Pergola over SE patio at Phillips Recreation Center
- Ambucs new playground pieces installation

UIAC

The Urbana Indoor Aquatic Center received its annual elevator operating permit. Filters were replaced in the PoolPak dehumidification unit. The filters and fan belt were replace on the roof-top air handling unit. The air conditioning coils that serve the admissions area and locker rooms were deep cleaned. A more robust and user-friendly replacement ADA shower bench was ordered for the family changing room. The Aquatic Matrix Team convened to discuss ideas related to the improving staffing, cleaning, and communication.

CLPFAC

They Crystal Lake Park Family Aquatic Center was opened for the season. Biennial inspection of the pool water heaters was scheduled with the Office of the State Fire Marshal. Elevated edges of settled concrete on the southeast and southwest sides of the competition pool were leveled with a grinder in order to eliminate the risk of foot injuries. The replacement of broken posts and deteriorated rope in the rope fence system is ongoing. Both hinges were replaced on the diving board.

CAPITAL PROJECT TIMELINE

DT: June 11th, 2019

RE: May 2019 Recreation Report

Superintendent of Recreation

Summer Season – The Recreation Department's summer season is in full swing. In the last month Crystal Lake Family Aquatic Center opened, the camps have begun, and the Neighborhood Night Concert Series held its opening evening at Carle Park. Additionally, May 25th we had the first Downtown Get down event a new live music opportunity in downtown Urbana. Staff is hard at work ensuring a fun and safe environment for all activities.

Crystal Lake Park Family Aquatic Center – The facility has opened and although weather has not been fully cooperative this early in the year, the Superintendent has seen many positives. The Lifeguards and customer service staff are prepared and well trained. The facility was in great shape for our opening weekend and training night. The Nadiators swim team has over 200 participants and our year round swim team (Tiger Sharks) is starting to get participants as well.

Public Information and Marketing

Public Information Manager Mark Schultz – Marketing successfully completed its media campaign to promoting CLPFAC's summer opening. We had radio commercials on five different radio stations, digital advertisements on three different outlets, and gave punch card passes to radio stations as prizes.

We continue to film episodes of Mark in the Park. You can watch episodes on UPTV or at any time on the Urbana Park District YouTube account.

As we look toward the summer, Marketing will work to publicize Strawberry Jam, the Youth Summer Theatre, aquatics events, and fitness classes.

Community

Community Program Manager Janet Soesbe – May has been a month of challenges and learning experiences. Due to the delayed construction of the sidewalk on the north side of Park Street along Crystal Lake Park, the lake had to be lowered such that the drawbridge cannot reach the boat dock. The Lake House was not able to open for boating on May 4th as planned. Luckily, we had an opportunity at the Phillips Recreation Center front desk for our two Lake House Shift Supervisors to make up for the hours they lost with no boating.

May 25th was the first Downtown Get Down on Main Street in downtown Urbana. This is a cooperative event that the district will be running on the 4th Saturday of May-August with the City of Urbana and the Urbana Business Association. The Urbana Park District brought our new mobile stage and provided staffing and supplies for supervised child care in the Kids' Zone. With 12mph winds, and gusts up to 20mph, we encountered several problems with the large banners on the top and sides of the stage. We've learned much about better and safer ways to mount these banners on this, our

second use of the new stage. Hundreds of people enjoyed music from DJ Medusa and the Latin band Timbalú, food trucks, inflatables while the wind cooperated, a teen maker lab, games and toys with our staffers, artists selling their creations, and a community corner for organizations with interactive tables/activities. The next Downtown Get Down will be June 22 with Dance Music Therapy and Big Mo and the Phat Groove. More information can be found at https://www.getdownurbana.com/.

Community Program Coordinator, Niki Hoesman – We have been working diligently and intentionally to prepare and train our staff for the upcoming summer camp season by hosting 6 training nights throughout May. We have begun Youth Summer Theatre rehearsals with nearly 100 children contributing to the performance in late July. Summer SPLASH plans are complete; we are so excited to offer programs at 4 school sites, this summer. We are also working to train and establish goals with our new Community Program Intern that began her work with us on May 15th. A presentation was given to the Urbana Arts Council following the Annual Read Across America event on May 12th. The Downtown Get-Down was a huge success with the childcare area being well attended. We were able to provide care for over 30 children throughout the evening.

Age-Friendly Resource Specialist, Jacob Johnston – During the month of May, our Age-Friendly Program Coordinator, Jacob Johnston, helped out with quite a few events.

Firstly, Jacob assisted those with gait issues attend Robin Hall's sculpture demonstration by offering complementary golf cart rides. Community members were very pleased that the golf cart was available and many opted to take a ride.

Secondly, Jacob helped to proliferate attendance at UIUC's audiology event, in which community members were educated on all aspects of hearing loss and were offered a free hearing screening.

Thirdly, Jacob helped setup and take down the Bike Month Celebration event. Jacob was very excited to see the huge, shiny new stage and even helped the band during their sound check. Jacob also assisted by manning the Park District information booth and spread information about the "Meadowbike" wheelchair transport bicycle project, which is still in the works.

Lastly, Jacob helped with setup during the Urbana Downtown Get Down. He also helped man the information booth and even helped out with the Kids Zone, which he reports being a nice change of pace.

Community Programs and Rentals:

- The Phillips Recreation Center had 8 rentals, which met a total of 11 times, and facility uses other than UPD programs.
- The Phillips Recreation Center had 3,941 visitors, 605 people attending programs excluding fitness, and 586 people attending rentals for a total of 6,282 people using our facility including fitness programs.
- The Lake House was rented 19 times, with a total attendance of 345 and total revenue of \$8223.50.

Environmental

Environmental Program Manager Judy Miller – The manager worked on the planning for the nature center's 40th birthday event to be held from 2-4pm on June 3, 2019. This is also the first day of district summer camps. Parents will receive with their welcome email, a flier inviting them to stop by after picking up their camper. Those campers that attend the event will receive a discount ticket to the Chrystal Lake Park Family Aquatic Center.

To celebrate the nature center's 40th birthday, guest will receive a 40th anniversary magnifying lens and a center scavenger hunt card. The goal will be to find all of the center's factoid stations and using their magnifier add each station's hidden word. Upon completion of the scavenger hunt, they will be entered in a birthday party raffle. Also planned for the event is a Solar Installation ribbon cutting ceremony and a meet a Screech Owl presentation. There will also be cake for all who attend.

Environmental Public Program Coordinator Savannah Donovan – The coordinator has devoted most of May to preparing for the start of Nature Day Camp. Six of fourteen Nature Day Camp staff are new this year, including this summer's Site Supervisor. Preparations have involved updating training materials and daily training agendas, coordinating First Aid/CPR classes and Gateways trainings, training the new supervisory staff, proofing leader-planned activity schedules, preparing camp spaces, and much more. For the first time this summer, the coordinator incorporated Junior Counselors and summer staff from Sports Camp and the district's new Aquatics Camp into the first two nights of summer camp staff training at the nature center as a way to provide a more uniform training on camp procedures for all summer camp staff. Approximately 40 staff attended each night. The coordinator hopes to grow this training opportunity in future summers to also include Summer Arts Camp staff.

Environmental Education Coordinator Chelsea Prahl – The coordinator spent time this month working with Junior Counselors (JC) and Counselors in Training (CIT) in preparation for Nature Day Camp. This summer there are nineteen CIT's and eight JC's participating in the leadership program. The JC/CIT program is designed for teens to learn and expand their leadership abilities and problem solving skills in a team-oriented environment.

The coordinator also hired a JC/CIT Supervisor this month. She is new to camp and has been assisting the coordinator in training, logistics, and scheduling. Throughout the summer she will encourage, manage, evaluate, and provide feedback to teens participating in the program.

Environmental Office Manager Nicole Hilberg – The environmental office manager spent time working on and presenting an updated Customer Service Matrix Team presentation for the All Summer Staff Training. Last year's script and PowerPoint presentation were modified to include viewer interaction via smartphones and a code provided by www.mentimeter.com to encourage viewer interaction. Questions were asked such as "Who are our customers?" and viewers typed in their answers to make a word cloud. The more often a word was entered the larger it became and as you can see below "everyone," which is the correct answer, is the largest. Both the AM and PM group's word clouds are below and include the number of people involved.

Environmental Programs and Anita Purves Nature Center Rentals:

- The Nature Center hosted 35 onsite programs that served 623 people this month.
- The Nature Center was rented 38 times. The total number of people using the Center for rentals and meetings was 554.
- The Nature Center welcomed 2,152 persons visiting or participating in programs at the Center.
- The Nature Center staff coordinated and conducted 17 offsite programs (Traveling Naturalist and Naturalist in the Classroom programs) for 472 people this month.

Outreach and Wellness

Outreach & Wellness Manager Elsie Hedgspeth – In May, the Outreach & Wellness department hosted the May Bike Month Celebration at Weaver Park. This event was the first free concert of the summer season. The new mobile stage made its debut at the event as well as the new "You Belong Here" event tent and flags.

A total of 77 people attended the event and 5 different bicycling organizations had informational booths. The local AMBUCS chapter made a special presentation at the beginning of the concert. The AMBUCS presented a local family with a custom made adaptive Amtryke for their 5-year-old son.

The audience enjoyed music from Riders of the Golden Maize as well as pizza from the Dragon Fire Pizza food truck. At the conclusion of the concert, members of Champaign County Bikes and Prairie Cycle Club led a group bicycle ride from Weaver Park along the Kickapoo Rail Trail.

Outreach & Wellness Coordinator Ashley Dennis – For the month of May, the Outreach and Wellness department was present at a variety events to provide information to the public about Urbana Park District programming. We had a booth at the Orchard Downs Fun Run & Fitness Info Fair, the Urbana Middle School's end of the year Dual Language Picnic, the May Bike Event at Weaver Park, and the first Downtown Getdown on May 25th. Our presence at these events provides a great opportunity to speak to the public personally, offering them specific information on how UPD offers programming for all of Urbana, no matter their interest or demographic. The Outreach and Wellness intern that started this month made our presence at each of these events much easier.

Through our partnership with the Youth Assessment Center, I was able to help one of their students with job applications. After two hours of working with the student and his grandmother, filling out a very lengthy application, the student was able to submit his very first job application. This experience was extremely rewarding for all parties involved, and I greatly look forward to helping more participants of the Youth Assessment Center program.

Fitness Programs:

- There were 1,305 unique land fitness class visits (1,150 at Phillips Recreation Center, 112 at Brookens Gymnasium, and 43 at Anita Purves Nature Center).
- There were 375 unique aquatic fitness class visits at the Urbana Indoor Aquatic Center.

To: BOARD OF COMMISSIONERS

CC: TIM BARTLETT; CATY ROLAND

From: ALEX IVANOVA

Date: 6/7/2019

RE: REQUEST FOR APPROVAL-REVISIONS TO THE PERSONNEL POLICY MANUAL

Staff has discussed with the Board Policy Committee and recommends the Board of Commissioners approve the following revisions to the Personnel Policy Manual, effective July 1, 2019:

• 2.29 Records Retention

o The purpose of this policy is to ensure that necessary records and documents are adequately protected and maintained and to ensure that records that are no longer needed by the District or are of no value are discarded at the proper time. This policy is also for the purpose of aiding employees of the District in understanding their obligations in retaining electronic documents – including email, web files, text files, sound and movie files, PDF documents, and all Microsoft Office or other formatted files.

• 4.14 Nursing Mothers in the Workplace

Establishes compliance with the Illinois Nursing Mothers in the Workplace Act and the Right to Breastfeed Act. The law previously required only "unpaid break time each day." Under the legislation, the break time may run concurrently with any break time already provided to the employee, but an employer may not reduce an employee's compensation for time used for the purpose of expressing milk or nursing a baby.

• 7.06 Expense and Loss Reimbursement

 This policy is being implemented in response to the Illinois Wage Payment and Collection Act amendment. Employers may craft written reimbursement policies and, if they do, employees must comply with an employer's reasonable policy to gain entitlement to reimbursement. Employees must submit any necessary expenditure with supporting documentation within 30 days of incurring any such expense, unless the employer's policy provides for additional time. Employers are not required to reimburse an employee who does not comply with the employer's written policy.

• 8.01 Conduct Policy

 The addition of electronic communication in the Conduct Policy's standards serves to highlight the importance of appropriate language and conduct through facets like social media, text message, and email.

ORDINANCE 2019-07

ORDINANCE REVISING PERSONNEL MANUAL OF THE URBANA PARK DISTRICT

WHEREAS, the Board of Commissioners finds that Section 8.00, Paragraph 8.01 of the Personnel Manual of the Urbana Park District should be revised, and Section 2.00, Paragraph 2.29, Section 4.00, Paragraph 4.14, and Section 7.00, Paragraph 7.06 be added;

NOW, THEREFORE, IT IS ORDAINED BY THE BOARD OF COMMISSIONERS OF THE URBANA PARK DISTRICT, CHAMPAIGN COUNTY, ILLINOIS, as follows:

Section 1: The recital set forth above is incorporated herein by reference.

day of

ADOPTED this

Section 2: The provisions set forth in Exhibit A attached hereto are approved and adopted as Section 2.00, Paragraph 2.29, Section 4.00, Paragraph 4.14, Section 7.00, Paragraph 7.06 and Section 8.00, Paragraph 8.01 of the Personnel Manual of the Urbana Park District effective July 1, 2019.

EXHIBIT A

2.29 Records Retention

The District shall comply with any and all requirements of the Illinois Local Records Act (50 ILCS 205/1, et. seq.) which regulates the preservation or disposal of public records of all units of local government.

4.14 Nursing Mothers in the Workplace

The Nursing Mothers in the Workplace Act (820 ILCS 260/1) requires an employer to provide reasonable break time for an employee to express breast milk for her nursing child for one year after the child's birth each time such employee has a need to express milk. The District will not reduce an employee's compensation for the time used for the purpose of expressing milk. The District will provide a place, other than a bathroom, that is shielded from view and free from intrusion from coworkers and the public for the employee to express breast milk. The break time may run concurrently with any break time already provided to the employee.

The Right to Breastfeed Act (740 ILCS 137/99) protects a mother's right to breastfeed in public. A mother may breastfeed in any location, public or private, where the mother is otherwise authorized to be.

The following facilities have established rooms for private pumping and nursing: the Cottage, Urbana Indoor Aquatic Center, Kerr Planning and Operations Facility, Crystal Lake Park Family Aquatic Center, Phillips Recreation Center, and Anita Purves Nature Center. These areas are available for employee or public use if requested or desired by a breastfeeding mother, but under no circumstances can staff ask a mother to nurse there instead of in a public space.

7.06 Expense and Loss Reimbursement

The District will reimburse employees for necessary expenditures and losses that are incurred within the scope of employment and that are related to performing work for the District. The District will not reimburse employees for expenses that are incurred if they are not required by the District as part of the employee's job. Reimbursable expenses should be pre-approved. If an employee's personal property suffers damage because of his/her work, the cost of repair or replacement should be submitted for reimbursement consideration. The District does not reimburse for losses that are due to employee negligence, normal wear and tear or due to theft that was a result of the employee's own negligence.

To qualify for reimbursement, submit your reimbursement claim in writing to the Administration Office within thirty (30) days. When possible, the claim should include a detailed invoice from the vendor. Excessive expenses will be investigated. Falsified or exaggerated claims may result in disciplinary action. Any excess reimbursement or allowance must be returned within a reasonable time period.

8.01 Conduct Policy

The District expects that all employees will perform their duties satisfactorily and conduct themselves appropriately at all times. The retention of an employee is contingent upon acceptable conduct and satisfactory performance of duties. The District may terminate any employee who fails to meet acceptable standards of conduct, including violations of any provision or rule in this Manual, or fails to perform satisfactorily. Any employee who violates or abuses any provision herein is subject to disciplinary action up to and including termination. These rules are not all inclusive.

In general these standards include:

- 1. That the employee is incompetent, negligent, or inefficient in work performance.
- 2. That the employee is habitually absent or tardy.
- 3. That the employee is absent from work without leave, fails to report absence, or fails to report to work after leave of absence has expired or been disapproved.
- 4. That the employee has failed to carry out duties as assigned.
- 5. That the employee is abusive with attitude, language, or conduct to fellow employees or the public in person or through electronic communication (i.e., social media, text message, email).
- 6. That the employee, through willful negligence, has caused damage or loss to public property.
- 7. That the employee consumes intoxicants or illegal drugs on the job or arrives at the worksite under the influence of intoxicants or illegal drugs.
- 8. That the employee falsifies any written records or requests.
- 9. That the employee is convicted of a felony that renders them ineligible for continued employment with the park District.

2016 Capital Budget Revision #5 printed on 6/6/2019

Mayor Marlin launched "What's In Your Square?" in the Spring of 2018 to gather ideas from Urbana residents, merchants, and visitors to develop a vision for the future of the nine-block Square surrounding – and including - Lincoln Square Mall.

analyzed the data from both, with the results detailed below.

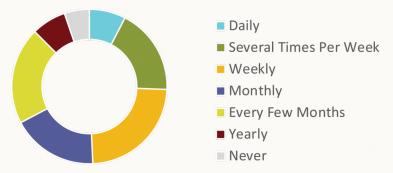

Survey Results

Over 1,600 surveys were completed during the What's in Your Square? initiative. Most came from Urbana residents, but many arrived from Champaign and other nearby communities. We asked some basic demographic questions (age, age of children, and zip code), how often and why people visit, and what people would like to see in the future.

How often do you visit Lincoln Square?

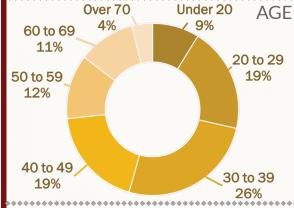

About 1/2 of all respondents visit at least once a week.

How do you get to Lincoln Square?

	Always	Sometimes

The Market at the Square is clearly a huge draw to the site, as is the Common Ground Food Co-op. Many people also come to shop and many come for health and fitness (e.g. Amara Yoga, Health in Harmony (massage), Urbana Acupuncture, and Charter Fitness).

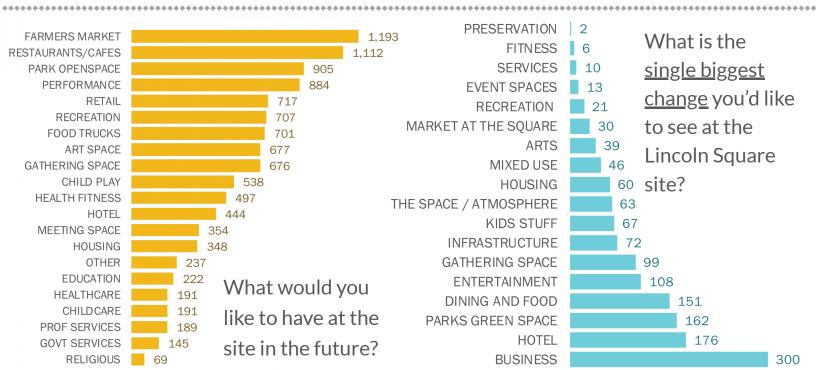

Why do you go to Lincoln Square?

What is the <u>best thing</u> about the site today?

Focus Groups

City staff, held fourteen focus groups, and guided each group through a series of three exercises, "Great Places," "What Do You Want?" and "Mapping the Square." Great Places asked people to think of public places they had been to that they would consider a "Great Place" and to describe what makes it great. Building on that exercise, participants were then asked what types of feelings and activities they wanted to experience in a revitalized Square. Finally, participants were asked to map out their ideas on an aerial photo of the What's In Your Square? site.

Re: Action to Award Meadowbrook Park Gateway Project

I. Statement of Situation

The Urbana Park District received a donation in the amount of \$50,000 for a gateway interpretive element from Dixie and Greg Whitt. The piece will be located at the entrance of Meadowbrook Park, off the Race St. parking lot, and will help to create a stronger sense of entry. Additionally, the gateway element will provide signage along the trail to present necessary park information and visually appeal to nature, art and history of Meadowbrook Park. Following the receipt of the donation, staff engaged with Taylor Studios to assist in the development of a final design concept and bid ready specifications and drawings.

II. Statement of work

The District convened a small staff team to review concepts and enhance design elements that would help provide a refined narrative of park history, features and overall look to the gateway element. After several rounds of review, staff and the design team, Taylor Studios, developed a final concept plan and moved forward with bid ready and construction documents. The final graphic design elements are attached for reference.

III. Detail of Bids

Plans were distributed beginning on April 26, 2019, after advertisement in the News-Gazette. A total of seven plan holders received the bid document for the project. The bid opening was held on May 16, 2019 with only Taylor Studios submitting a bid.

The bid provided was considerably higher than the previously submitted opinion of probable cost, received during the design phase. After further review and discussion, it was discovered that Taylor Studio's primary source for the subcontracted work had not been able to provide a quote to them in time for the bid delivery and they were forced to bid the higher priced option. Since that time, they received the lower cost proposal for the subcontracted portion of work and provided a revised bid incorporating

the new price. This change in pricing resulted in a reduction in the total bid by \$14,863. Less than the initial amount of \$53,400, originally submitted.

BIDDER	Addendum	BID Bond	Total Base Bid
Taylor Studios	X	X	\$38,537.00

IV. **Budget**

Dixie and Greg Whitt generously provided \$50,000 in funding towards the project. Additional funds needed for the project are budgeted from the 2019 Capital Improvement Budget general contingency section.

Project Budget:

Expenses:	
Design Contract	\$ 11,523
Fabrication and Installation	\$ 38,537
Project Contingency	\$ 5,000
Total Expenses	\$ 55,060
Revenue:	
Dixie and Greg Whitt Donation	\$ 50,000
2019 CIB Contingency	\$ 5,060
Total Revenue	\$ 55,060

V. Recommendation

Staff recommend the Urbana Park District Board of Commissioners award the Meadowbrook Park Gateway Project in the amount of \$38,537 and a contingency of \$5,000 to Taylor Studios of Rantoul, Illinois.

Community Organic Gardens

Established in 1975, the Organic Gardens are the oldest local community gardening program. Feel free to observe, but please **do not pick**.

Freyfogle Overlook

The overlook allows a bird's-eye view of the prairie. This accessible structure includes interpretive information about prairie plants.

Herb Garden

Overseen by the Champaign-Urbana Herb Society, this garden highlights an abundance of locally-thriving herbs.

Hickman Wildflower Walk

Diverse native wildflowers provide habitat for pollinators like butterflies and bees.

Interpretive Center (Dairy Barn)

This original farm building housed the McCullough dairy operation. The district transformed this 1300-square-foot gem to serve environmental, artistic, and community programs. This project was supported through a generous donation by the Stone and Zimmer families.

McCullough & Douglas Creeks

These streams are the headwaters, or starting points, of the Embarras River (pronounced "EMbrah") which is a tributary of the Wabash River.

Open Meadow

The district provides this meadow as an open space well suited for kite flying, playing catch, and similar less structured activities.

PrairiePlay Playground

Covering more than an acre of land, this is the district's largest play structure.

Sensory Garden

This garden features plants of varying fragrance, texture, color, and even sound.

Spomer Prairie

The Urbana Park District has restored a small piece of historical Illinois. To date more than 80 acres of the park is managed as prairie. Volunteers help manage Spomer Prairie by assisting during monthly Stewardship Saturday work days.

Timpone Family Ornamental Tree Grove

Small to medium-sized ornamental trees and large shrubs that provide four-season interest are showcased here.

Walker Grove

This prairie/savanna restoration is dominated by grasses, wildflowers, and shrubs with scattered trees.

Wandell Sculpture Garden

A variety of sculptures are exhibited in a 22-acre setting of prairie grasses, wildflowers, and trees.

Windmill Garden

Known as a "Fairbanks Original," this windmill was one of the first manufactured and marketed between 1895 and 1911.

Re: Action to Approve CLP Rehab Phase II Design Contingency Increase

I. Statement of Situation

In 2017 staff completed the Crystal Lake Rehabilitation, Access and Management Plan. This planning process began in 2015 and included a significant amount of development and public engagement. The final plan focused on three areas of concern; water quality, shoreline stability and habitat restoration, and public recreation.

Since that time a number of efforts have been underway to improve water quality and prepare for Phase 2 work. Sediment removal from the basin was completed in 2017. Staff has monitored and tested lake conditions through the Volunteer Lake Management Program through IDNR until the program was dissolved. Now, staff continue independent testing for phosphorus and nitrogen levels that contribute to the nuisance weed growth. The summer of 2018 involved five separate alum treatments to the lake to help reduce nutrient levels and continued treatments are planned for 2019. In preparation for Phase 2 work, staff visited a number of sites around Champaign and the Chicago suburbs to research similar projects. Because of ERA's experience with several of these comparable projects, they were selected as the best choice to lead Phase 2 improvements.

II. Statement of work

In December of 2018 the Board of Commissioners awarded site environmental services for the Crystal Lake Rehabilitation Project in the amount of \$95,138 with a 20% design contingency, totaling \$19,027. With that proposal, only a conceptual plan of stormwater BMP (best management practices) was contracted for design. BMPs are engineered design elements such as rain gardens, hydrodynamic separators, and bioswales that help to clean pollutants from stormwater that is conveyed to lakes and streams. After reviewing concept designs, staff feel that several would be important to advance into final design and construction. ERA has provided a proposal for those BMP additional services in the amount of \$6,187.

Additionally, at the time of design contract award to ERA, the OSLAD grant had not yet been announced. The district has since received the OSLAD award that brings some additional recreational elements to the lake rehabitition project.

Staff recently received final paperwork relating to the OSLAD grant agreement and have been able to authorize the additional services for OSLAD related design in the amount of \$14,443 out of existing board authorized contingency so that supplemental surveying may move forward.

Current levels of design contingency on the project are not sufficient to authorize the additional services for both OSLAD and BMP. Additionally, the District is early in the project and additional contingency is recommended for any future needs. Staff would recommend approving an additional \$15,000 contingency on top of the original \$19,027 design contingency so that ample contingency remains for future work.

III.Budget

Expenses for professional services will be spent from the 2016 Capital Improvement Budget general fund transfer of \$500,000 for Crystal Lake improvements.

Original Design Contingency	\$19,027
OSLAD Design Services	\$14,443
Remaining Contingency	\$ 4,584
BMP proposal	\$ 6,187
BMP Proposal Shortfall	(\$ 1,603)
Additional Design Contingency	\$ 15,000
Total Remaining Contingency	\$ 13,397

IV. Recommendation

Staff recommend the Board of Commissioners approve increasing the design contingency by \$15,000 for the Crystal Lake Rehabilitation Project.

Re: Action to Approve ITEP Construction Engineering Contingency Increase

I. Statement of Situation

At the September 2018 Board Meeting, Commissioners approved a resolution appropriating funding from the local public agency, Urbana Park District, for the full amount of the local match for construction and authorized the signing of the construction agreement. At the October Board Meeting, Commissioners approved the construction engineering services agreement for federal participation for the Illinois Transportation Enhancement Program (ITEP). The engineering amount was increased by \$19,479.90 over the previous estimate due to ITEP/IDOT project requirements for extensive professional engineering involvement throughout the construction phase. These fees are necessary to ensure engineering staff site visits and measurements meet the requirements of IDOT.

The Board approved assigning project contingency to both the construction bid and construction engineering for 15% per contract following the IDOT project bid opening, at the December Board Meeting.

The rainfall during the 2019 spring season has exceeded normal amounts, both in total amount and frequency. This has caused delays to the construction and in-turn requires additional time for required documentation and reporting by Fehr-Graham, necessary for Illinois Department of Transportation projects. The Urbana Park District has additionally requested that IDOT approve extending the landscaping portion of the project until the fall of 2019, since midsummer is not a suitable time for plant establishment. Fehr-Graham provided staff with an updated estimate for engineering services to complete the project, attached for reference. The estimated amount needed to complete the project, \$6,140, is greater than the assigned 15% (\$5,622) contingency. Staff would further recommend assigning an additional contingency for any future unforeseen needs related to the project's construction engineering, in the amount of \$5,000.

II. Budget

Local match funds for the Illinois Transportation Enhancement Program; Park Street Shared Use Path Project, are dedicated in the 2017 Capital Improvement Budget. The Park District has received a commitment from Carle Hospital to reimburse this local match amount. Additional funding for contingency to the project is budgeted in the 2017, 2018 and 2019 Capital Improvement Budget for Trails Projects.

The additional contingency recommended at this time would be budgeted from remaining funds within the 2019 Capital Improvement Budget Trails Projects line.

Original Design Contingency	\$ 5,622
Additional Services	\$ 6,140
Contingency Shortfall	(\$ 518)
Current Contingency Shortfall	(\$ 518)
Additional Design Contingency	\$ 5,518
Total Remaining Contingency	\$ 5,000

III. Recommendation

Staff recommend the Board of Commissioners approve increasing the design contingency by \$5,518 for ITEP construction engineering to Fehr Graham of Champaign, IL.

RE: Project Engineering Budget Update

Mr. Rousseau,

Per your request, we have reviewed the status of the engineering budget. We have reviewed Stark Excavating's revised estimated project schedule and estimate the required resources to finish the project as follows—using IDOT required rate calculation. This is based on the date of June 3, 2019, looking forward to end of the project.

	Hrs.	Rate	Pa	yroll Costs (DL)	ОН	FF		Total
Project Manager	12	\$ 54.47	\$	653.64	\$ 1,024.45	\$	243.32	\$ 1,921.41
Project Engineer	2	\$ 39.73	\$	79.46	\$ 124.54	\$	29.58	\$ 233.58
Main Inspector	6	\$ 21.00	\$	126.00	\$ 197.48	\$	46.90	\$ 370.38
Tech to Review IDOT Reports	126	\$ 20.06	\$	2,527.56	\$ 3,961.44	\$	940.91	\$ 7,429.91

Total

\$ 9.955.29

The proposal for services for the project for Midwest Engineering Services are estimated at \$7,750 and were part of the original scope. As of May 10, 2019, Midwest had billed \$2,730. Midwest has \$5,020 remaining on their subcontract amount.

As of June 2, 2019, we show \$8,840 remaining on your overall contract with Fehr Graham, including the Midwest subcontract work.

So, in summary we estimate:

Remaining Contract Amount: -\$8,840 Estimated MET thru end of project: \$5,020 Estimated FG thru end of project: \$9,960 Estimated Additional Funds Needed: \$6,140

The main reason for this overage is the repeated start and stop of work and re-evaluation of earthwork compaction due to repeated rain during the spring season. Please let me know if you have any questions.

Sincerely

Roland White, P.E.
