37	Hopefully it provides better visibility to children while they are playing. The current structure has too many blind spots.	6/21/2022 7:33 PM
38	Web climber	6/21/2022 7:21 PM
39	I like that it's convoluted (seriously!) It can't all be taken in at a glance and that makes it more fun to explore, especially from a kid's perspective	6/21/2022 7:15 PM

45	How open the playground is! Perfect for keeping an eye on kids	6/21/2022 6:28 PM
46	Slides	6/21/2022 5:56 PM
47	It looks different than other play structures in town!	6/21/2022 5:52 PM
48	The design looks nice and incorporates some of the feel of the old structure. There are various options for play.	6/21/2022 5:29 PM
49	The web climber B specifically (it looks significantly more play value) and the vine tunnels and plantings	6/21/2022 5:26 PM
50	Zip line	6/21/2022 5:23 PM
51	The vine tunnels and web climber (B). Also like the idea of the plantings throughout.	6/21/2022 5:22 PM

87	I absolutely love the bright colors and designs of the layout of the new playground.	6/21/2022 12:54 PM
88	The double zip line looks amazing!	6/21/2022 12:49 PM
89	simultaneous play for multiple children of different ages	6/21/2022 12:41 PM
90	The variety of equipment the kids will have to play with.	6/21/2022 12:35 PM
91	I would like to comment on the equipment colors. Having just taken my granddaughter to a park this weekend, all but one piece of equipment was unuseable due to the surfaces being too hot. The slides were light beige and still too hot since they were in the direct sun. A rocking tractor on a Spring could be used because the seat was white. The other rocking car was red and was too hot. Same for the black rubber swings. We used towels on the swing and rocking car so she could use the equipment. I would make sure there is shade on the equipment and use light colors to deflect the sun/heat.	6/21/2022 12:22 PM
92	safe play area	6/21/2022 12:21 PM
93	nets and spinners	6/21/2022 12:11 PM
94	The area for smaller children which is often overlooked and also the public restroom which is helpful for children and parents alike.	6/21/2022 12:08 PM
95	more options for kids	6/21/2022 12:00 PM
96	The inclusion of ADA equipment.	6/21/2022 12:00 PM
97	Loved the brightness of the designs. Helpful for kids playing in the evening as it gets darker out.	6/21/2022 11:56 AM

## Meadowbrook Park Playground Survey 4- June 2022

color scheme is deeply superior to the soothing tones. The tan on the soothing tones looks like a dog kennel or the enclosure around a dumpster. The brighter tones really match the spirit of the artwork and the plants of Meadowbrook. I really like the interspersed plants throughout the area, but many of the plants just feel like they break up the play area in a way that will reduce visibility between playsets. Many parents using the facility will have children of multiple ages or who want to use different equipment at the same time The spinner in between the 5:00 to 12:00 playset and the swings seems ill-placed.

211	I like the group spinner, the old merry go rounds were a ton of fun but I get why they went out of style so it's nice to see something sort of like it	6/7/2022 8:00 PM
212	If one of the most cherished landmarks in Urbana's history is going to be irresponsibly destroyed to be replaced by a hideous monstrosity, at least it also looks tacky and overpriced	6/7/2022 7:35 PM

## Q5 From your point of view, is there anything missing in the playground or preliminary master plan? (optional)

27	I wonder whether the zip line area would get regular use, especially since it's separate from the rest of the playground. My experiences with the old zip line area was that it was used more in a "run past and take a ride" sense than in the "let's go hang out by the zipline" sense.	6/22/2022 12:21 AM

29	A "natural playscape" area with a sandbox would be great.	6/21/2022 9:41 PM
30	Swinger that can hold toddler and parents in the same swing	6/21/2022 9:40 PM
31	I would love to see some balance play kind of stepping stones for kids, and some shaded places to play for those really sunny days.	6/21/2022 9:39 PM
32	Maybe some swings for the kiddos !	6/21/2022 9:25 PM
33	More areas for small children to play and explore that are not just tiny slides. More shady areas with seating for parents within the actual playground so parents can be close by and comfortable while their kids play! A fence around the playground so there is only one point of entry to ensure children can't wander off into the parking lot	6/21/2022 9:24 PM
34	It should be a theme based park which differentiates it from other parks in the area. Themes like baby shark, Mickey Minnie Mouse theme, every kids favorite JJ theme. It would be a value added point.	6/21/2022 9:02 PM

48	I see the two ADA swings, but I would love to see more universal design elements to create a more inclusive park area. There is also a need for more shade in that park area.	6/21/2022 5:29 PM
49	I don't know if I missed it or if it's not included, but some sort of pretend play structure (like the boat section in the current part, or the restaurant section of the play structure at prairie farm in Champaign.	6/21/2022 5:25 PM

70	A small stage for kids to put on performances of all kinds would be a huge benefit.	6/21/2022 2:48 PM

82	For the children with special needs, there should be sensory activities.	6/21/2022 12:54 PM
83	I don't like the tunnel slides. They are scary for small kids and dangerous because kids go up and down at the same time and can't see what's happening, so this design is missing tall open slides--which are actually our favorite at the current Meadowbrook park.	6/21/2022 12:49 PM

87	Shade is often an issue. Maybe long term plan for large trees?	6/21/2022 12:11 PM
88	The real draw of the Meadowbrook playground was its uniqueness and the size and extent of the play structure. I know that it needs to be replaced, but I think Meadbrook is losing much of its uniqueness that set it apart from other playgrounds. It is going to look like and have many of the same features as most other local playgrounds.	6/21/2022 12:10 PM

## Meadowbrook Park Playground Survey 4- June 2022

122	I'd like to see more shade structures. I wish we could afford more poured in place surfacing versus wood chips.	6/15/2022 1:07 PM
123	Not sure if I'm missing this in the master plan shared here, but it would be great if some focus could be put on creating shaded areas and as much shade over the playground equipment as possible. The other thing I would love to see is a splash pad area	6/14/2022 10:57 PM
124	A theme! Imaginative play! We go to "the castle park"! Not Generic other park you can find anywhere. You have room at this park, just add on! Just ditch all these horrible ideas and renovate the current playground. So disgusted by this whole thing. 4 surveys I've done and you keep going ahead with this.	6/14/2022 4:33 PM
125	Wheelchair access/ramp up to the slides, Maybe a large visual communication board to help foster and encourage socialization for our nonverbal friends?	6/14/2022 3:42 PM
126	Truly... if there is any way for a splash pad or water feature to go in, I urge you to look into that possibility! It's important to allow for these kind of feature in Urbana without having to go to the pool. Thank you for considering this	6/14/2022 11:51 AM
127	Additional shade structures. Good sight lines between play areas. I love the planting and trees that create a buffer - but I think they need to be planted to preserve sight lines (ie canopy trees, short perennials). I think additional buffer planting on the exterior edge would be really fun too and create a "room" feel to each play area, similar to Maggie Daley Park.	6/14/2022 9:54 AM
128	More shade on or near play structures	6/13/2022 8:18 PM

146	More swings please! Kids love swings and there are not nearly enough in this design. It would be nice to have some in other areas of the playground as well. Especially in places where I could push one child while watching the others play.	6/12/2022 9:50 PM
147	Sand and water play, large rocks, logs - my kids tend to engage much more fully and for longer periods of time, creatively, with simple and natural features more than complex man-made structures that dictate how to play, although the "bells and whistles" are eye-catching for sure!	6/12/2022 7:50 PM

## Meadowbrook Park Playground Survey 4- June 2022

In my opinion, the majority of kids today are over-stimulated by the world around them. Also, things such as the group spinner are passive activities for most kids - the parents do the spinning work (swings can be like this too). For the most part, the child should do 90% of the work and the equipment should do 10%. Thanks for listening, and thanks for your work on this project. We love Urbana parks!

159	Missing good sightlines to monitor children's play, especially children who run around a lot. This design does not feel safe to me, which should be the first priority in playground design. Also, not enough individual swings.	6/9/2022 8:56 PM
160	No, glad monkey bars were added	6/9/2022 8:56 PM
161	My opinion about the web climbers is that we already have a matrix net at Carl Park so it would make sense to have something new like the Grand Stand. The design of this park is amazing!!	6/9/2022 8:46 PM
162	I think that there is a missed opportunity here to build a playground that looks different and is a destination. These playground designs look generic and do not add something new to what the parks as a whole have to offer.	6/9/2022 8:37 PM
163	sandbox	6/9/2022 8:30 PM

186	not enough shade	6/9/2022 2:45 PM
187	Not in my opinion.	6/9/2022 2:45 PM
188	I think we are missing a bit of the uniqueness that the current Prairie playground brings to the community. "Off the shelf" playground equipment is a dime a dozen and can be found at any local park, anywhere in the country. Our kids and parents are bored of the typical play structures with little no reference to the site or community. It seems as if every time a park is created or renovated, a stock structure is chosen out of the catalog of the same 2 or 3 companies.	6/9/2022 2:40 PM
189	More nature play surrounding your plan. Maybe cut logs at different heights to incorporate a more adventurous jumping feature, that I think was tires?, kids loved in the last park. Think "the floor is lava"	6/9/2022 2:38 PM

198	Tiny tor play stuff	6/9/2022 11:45 AM
199	More shade --ideally shade structure in each of these zones especially over the baby 2-5 play area. Wheelchair platform swing wouldn't make the park inclusive to a broader range of disabilities. Not everyone can be picked up out of their chair and placed in an ada swing due to size, medical equipment, or sensory issues. Plus often a wheelchair provides absolutely necessary support to the user that the ADA swing doesn't provide so the Ada swing is uncomfortable. I am disappointed to see the new playground design does not incorporate more natural play elements. I had hoped for more elements like those we see at Homer lake and Anita purves like the AP tunnel bridge and mud digging areas. At HL the real logs and the artificial log that you can climb under or over are a huge hit. I might be missing it in the plan but is there any digging and dirt / sand play area at all?	6/9/2022 11:38 AM
