2	It would be useful if there were more amenities: restrooms, seating, nets that were reliably connected to the goal posts.	12/12/2022 9:40 PM
3	The soccer "fields" are atrocious. They aren't even flat! there are holes and divots. The grass is often too long. Large sections are mostly mud and dirt without grass. The fields are not always lined and when they are lined the lines aren't always straight and the circles are not always circles but some odd squashy shape. The nets are frequently in disrepair and of clearly poor quality. My children like playing soccer, but the fields are terrible.	12/12/2022 10:00 AM
4	The fields need better parking options. I have young children and many times, need to cross or walk in busy roads with them in order to get them to the desired fields. It would be great if they could clean the fields up a bit and plant more trees around them for shade. Also, it would be great to have 1-2 small sets of bleachers on the viewer side of each field.	12/11/2022 9:01 PM

16	The field is not well kept, there are uneven spots all over the field. Grass is not well kept. The goals are not in great shape either.	12/7/2022 7:37 PM
17	More fields with better maintenance.	12/7/2022 6:44 PM
18	The goals at Carle and Blair park are not always in good condition. It might make sense to put smaller goals at Carle and Blair because neither location has enough room for a full-sized field.	12/7/2022 5:01 PM
19	Fields are not kept up well for the need we have in the community. Not enough sweating options as well as parking. Not accessible for limited mobility spectators.	12/4/2022 2:03 PM
20	The parks with only one goal make it very challenging for kids to play games outside of any type of practice provided and decreases opportunities for neighborhood games.	12/4/2022 9:58 AM
21	Muddy often	12/4/2022 9:41 AM
22	The soccer fields by Brookens are in complete disrepair and neglect. The fields flood, the grass isn't watered enough and they become dusty and hard, the nets have holes, the boundary lines aren't maintained.	12/3/2022 12:27 PM
23	The soccer fields are poor and routinely don't have important markers for both players and family members. There's no way of explaining to families which field our youth are playing on because they are unmarked. We often begin (and sometimes end) the soccer season with no lines on the field necessary for playing. Fields should be numbered and clearly marked. There should be lights installed as a safety precaution. In the fall and spring times couching winter, the days are short and the sun goes down before practice is finished. I've picked up my child in pitch dark and worried for his teammates who walk home (especially given some crime in that area and some of the nonsense that can go on at the nearby gas station). The parking is really challenging for families or anyone with mobility issues and present difficulty for parents since there is no sight line to the field. I know UPD is requesting parents no longer park on Art Bartell Rd., but they do because they can see their kids and locate them more easily, especially if a game hasn't yet ended, etc. There could be more risers. I'm a parent who hauls chairs, two dogs, and children to the fields, but it takes a lot of planning to do so--I notice many families standing because there is insufficient seating. I generally love the way the fields are near-ish to each other, but some more attention on them and more amenities (markers, lines on the field, lighting, and seating) would make a huge difference. I think the field directly behind the jail needs to be done away with. Its especially salient to me that we're next to the jail when we've played in it, but I think about kids whose parents might be incarcerated there and how heartbreaking and emotionally distracting playing outside of it must feel. In an effort to be more mindful of that reality, that field should be crossed off the list. (Yes, it's a risk given the placement of all the fields, but it is most saliently so at that one).	12/2/2022 10:30 PM
24	They could definitely be better maintained	12/2/2022 4:54 PM

2	The court at Carle Park has been unmaintained for the last few years which means it's been largely overtaken by weeds	12/11/2022 10:14 PM
3	We have tried to use the court at Carle Park a couple of times. It was really non-existent when we went there (filled in with grass/no net/bug swarms there).	12/11/2022 9:07 PM
4	Carle's is not maintained!!	12/8/2022 8:46 PM
5	Can we get non and volleyball courts please	12/8/2022 6:30 PM
6	Carle courts often have sagging net and other inadequate sand. Also one side is VERY close to the toddler playground, so don't feel comfortable playing a competitive match there.	12/7/2022 10:19 PM
7	The sand volleyball court at Carle does not seem to be maintained at all. One year we came out and weeded the thing ourselves.	12/7/2022 10:03 PM
8	Carle's is abandoned right now; weeds took over	12/7/2022 6:36 PM

9	Quality at Carle is abysmal and it isn't really a court. It's a sand pit. But the kids love the sand pit!	12/7/2022 6:29 PM
10	There is not always a net for Carle volleyball, and the sand isn't very clean due to all the tree debris.	12/7/2022 5:04 PM
11	it would be nice to have more non-sand volleyball nets and at women's height	12/6/2022 9:44 AM
12	I would love to have a sand court more centrally located near Blair park or in SE Urbana.	12/5/2022 2:39 PM
13	The Carle park court is in very rough shape	12/4/2022 10:00 AM
14	Need some sand courts in south part of Urbana	12/3/2022 1:27 PM
15	I live near Carle Park and the sand volleyball is typically not tended to--the outline of the volleyball area isn't clear, sand is in poor condition, sometimes there isn't a net at all, etc. It could use a little boost so we could actually use it more. This is also true of the soccer at Carle Park. My kid plays soccer and tries to go play with neighbors in that area and the ground is super hard (making diving for the ball risky and painful). We love that there is a soccer net there and families use it often. We'd love to see it kept up!	12/2/2022 10:40 PM
16	There aren't any in east urbana	12/2/2022 2:27 PM

72	It would be great if we could have some adult outdoor exercise equipment around some of the playgrounds (sky-walker, waist twister, etc.). I've seen this done in other areas/countries and many adults take advantage of the equipment. It would be great to have a skatepark and a splash pad. It would also be great to have another pavilion for birthday parties/camps close to the new recreation center. Would there be some sort of teen facility (similar to the fab-lab, but UPD)? 103	Disc golf is the fastest growing sport in the world right now (that's right, it is growing faster than pickle ball when you look outside the US). The investment in Lohmann park has been amazing in the past several years, and the area really needs a more challenging 18-hole to help build the range of play in the area. The wooded edges and open park areas of Weaver Park could be a nice place for this, or anywhere that is more wooded. I love Lohmann Park and go almost daily in summer, but a park with a more wooded challenge would be really great.	12/10/2022 7:42 AM

Since Illinois used to be prairie, it seems like something we should all know more about. I used to live near there and my daughter and I went to Weaver park daily during the height of the pandemic when we were still mostly at home.

152	Skatepark for all levels or different skateparks for different ages and levels. Bike courses for children. Additional challenge courses. The one at Blair park is too big for my adventurous 3 year old.	12/8/2022 12:47 PM
153	Ohhh! I like the idea of bike courses. I love our Park District.	12/8/2022 12:46 PM

203	Would love to see some bike courses that would redirect bikers off of Meadowbrook Park sidewalks! Seems to me that there is an abundance of structured game/play amenities. What we really need is less formal programming and more natural areas or quiet parks. Urbana has an aging population, and for many of us, parks and paths are critically important. It's fine to have lots of play areas (for kids and adult sports), but I think the UPD has lost sight of the value of quiet parks. Not every park needs a play structure.	12/7/2022 9:23 PM

337	Fitness structures that are free! We love the one CPD has at Douglass Park. Highly recommend we advocate for this blend of art and fitness: https://nationalfitnesscampaign.com/public-art . A skatepark is very desired in Urbana and would be a positive addition. More nature playscapes! We love it. Community garden in the Lierman area now that the garden is no more (I know the City is suggesting a new development could include this, but I'm not sure what that would mean). Generally ANYTHING for teens. We have so very little for teens. I'd love to see Teen Open Lab and UPD join forces to support teen programming and get university financing and partnership to implement. Generally, we need to remove barriers for low-income families at all levels. All playgrounds should have ADA equipment and neurodiverse amenities instead of creating specialized playgrounds. I'd love to see families receiving SNAP to have any fees waived or reduced when attending programs. I love the work of Urbana and mobile recreation--I'd love to see that work amplified!	12/2/2022 11:12 PM

75	It would be nice to include more benches around children's play structures, specifically at Larson, South Ridge, and Meadow Brook. I'd love to see a play structure in Lohmann park, since our kids go to Thomas Paine, there isn't a great play structure within walking distance from our house. We usually end up driving to another neighborhood to go to the park. Bathrooms are, therefore, a must... especially with children.	12/8/2022 10:57 AM

86	Thanks for asking! BTW UPD does an amazing job in seasonal flowers/plantings!	12/7/2022 9:54 PM
87	Benches along walking paths are great. Several years ago, UPD reduced the number of trash bins at Meadowbrook and Crystal Lake (along paths). Not quite sure why that was thought to be a good idea. Would like to see more trash receptacles in proximity to walking paths. More benches along walking paths would be great. Shelters/pavilions are very important for informal gatherings. Not for scheduled events or rental purposes, but for 3-4 people (or just one person!) to sit quietly and eat a sack lunch. My impression is that UPD gives priority to shelters for formal programming and rental events, but the community really needs the smaller shelters that people can use informally and spontaneously.	12/7/2022 9:30 PM

129	The walking distance to a park with a play-structure is a major barrier in our neighborhood. We live near the eastern-most edge of Florida Ave. and would love to see a small play structure near there. We would love to see an outdoor playground structure at either Lohmann park or Prairie Park. Currently the closest park to us with a play structure is Savannah Green, but this is a private park meant for the residents within the neighborhood association and the play structures and equipment are not nearly as nice as anything in the Urbana Parks District parks. We eagerly await the indoor structure planned for Weaver park, but would love to see an outdoor structure at one of the two parks mentioned.	12/8/2022 11:09 AM

225	We skateboard at Blair and meadow brook parks but the terrain is in civilian pathways. The concrete is raked for grip in wet conditions, so riding and falls on that texture are unfavorable.	12/7/2022 5:30 PM

270	Don't know about the options	12/3/2022 12:22 AM
271	We use them a lot. We think Urbana has some of the most beautiful parks around! Busey Woods, Nature Playscape, Weaver, Meadowbrook, Crystal Lake, etc. etc. etc. are all so beloved to us. When we don't use something, it's because it needs a little TLC. That said, we're privileged socio-economically as a family at this point, so our priorities is for improved access for low-income BIPOC families. Any free or reduced programs, transportation support with MTD partnership, amplification of the work of Urbana... that's where it's at!	12/2/2022 11:17 PM
272	We have only been in town about a year and I did now know about some do the options.	12/2/2022 10:55 PM

277	I didn't know all the options also I have two babies	12/2/2022 8:08 PM
278	We really enjoyed the parks and play equipment for our young kids. We would have liked to walk to a park or ride a bike but you can't safely get to Ambucs park from Beringer Commons. Wish one of these lots was a small park.	12/2/2022 7:58 PM
279	would it be too much to ask that garbage cans did not disappear in the winter(by prairie school) even after softball season that is a path often walked and is the south entrance to the weaver natural area? 304	Financial reasons and health reasons. Possibly safety reasons	12/2/2022 2:20 PM
305	There should be a three-way stop at Broadway & Kerr and a four-way stop at Broadway & Stebbins to help make getting to Crystal Lake safer. There are also a lot of kids who need to cross that road to wait for the school bus every morning	12/2/2022 2:19 PM
306	I don't know about all the options they have and financial, I need to pay a fee for not living within the area they have marked on their map.	12/2/2022 2:17 PM
307	Not sure how to "reserve" or if I have to reserve something. For example, my dad would love to use pickle ball courts when he's in town, but I don't know how to go about that. There are also barriers to entry in terms of buying what I need to use the facilities. Would be great to be able to rent equipment to then go use at an outdoor facility. Maybe you already offer that but I don't know about it if you do.	12/2/2022 2:15 PM
